To all Students, Staff and Faculty:

Federal and state laws and regulations require adherence and commitment to policies of non-discrimination and equal opportunity in all aspects of our institutional life.

Title IX of the Education Amendments Act of 1972 requires that recipients of federal funds do not discriminate on the basis of sex in their educational programs or activities. Executive Order 11246 and 11375; Titles IV, VI, VII, IX and X of the Civil Rights Act of 1964 as amended in 1972 and other applicable state and federal statutes and regulations prohibit discrimination on grounds of race, color, religion or national origin, age, marital or parental status, or handicap in the recruitment or admission of students; the recruitment and promotion of faculty and

staff, or in the operation of any College program or activity.

Inquiries concerning the application of or compliance with laws and regulations prohibiting discriminatory activity should be brought to my attention and to Morton R. Godine, Dean of Administration, who I have designated as Title IX Coordinator and Affirmative Action Officer of the College.

A grievance procedure has been established by the Board of Trustees to assure compliance with all applicable policies and regulations and is available to students faculty and staff. Please contact the affirmative action officer should you wish any further information.

From Nick Lammerman, Chairman of United Way Fund:

A plea to those of you who have not yet given to United Way, please give! I will be glad to receive any and all contributions in the admissions office and I have extra pledge cards, if you have lost yours.

To those of you who have given to United Way, another thank you for your generosity under adversity. Those of you, especially part-timers, who have given elsewhere, excuse me for my plea.
